TL Spoke about the new enforcement truck parked outside using the police colours and logo, amber lights used came into use November 2018, residents can request a visit if they have an issue, more cctv is being installed, laser beam cameras, record speed, take photos and video evidence, the trucks can also load up rubbish from fly-tippers in the back.

DC Him and TW working very closely together, issued notices at Springvale re fires, they had been to court over some cases, AE suggested us when they are going to sites, BA had made a complaint to the enforcement team and said how they had been in contact with him ever since and kept him up to date,

DC also mentioned they were prosecuting fly-tippers, going through the rubbish to get addresses, the community safety partnership were funding, now that's ceased.

MP suggested putting a snow plough type rig on the front of the vehicle to also as driving around to actually push the rubbish out of the road as sometimes the roads are impassable just as a temporary measure before the rubbish is cleared, TW said that was down to ECC not BBC, a JCB used to clear Murtherring lane rubbish, but soon as cleared dumped upon again. DC said, we must liaise with Epping and Havering as boundaries cross, Richard Gardner is the person at Havering, they deal with 60-65 fly tips per month.

We then mentioned the container we noticed on our Xmas walk near Dudbrook oap home on the corner that had been dumped and was full of rubbish and furniture, was it put there to protect the land to stop land access or was it fly tipping, MP to investigate and clerk to follow up with TL.
